it? With the advancing price of wheat "the five-cent loaf is doomed," say the bakers. In its place we have the six-cent loaf-in many cities only the tencent loaf. A loaf of white flour bread is not a complete ration. However wholesome and pure, it does not supply all the proteids the human body needs. In Shredded Wheat Biscuit you have all the body-building nutriment in the whole wheat grain prepared in a digestible form. It is always the same price, always the same high quality. Eat it for breakfast with milk or cream or with fruits. Made at Niagara Falls, N. Y.
